KEY OPERATING BUSINESSES

ASTRA

Indonesia

Astra (50.1%) is listed on the Indonesia Stock Exchange and is a diversified business group with more than 130 subsidiaries. Its six core businesses are automotive, financial services, agribusiness, heavy equipment and mining, information technology and infrastructure.

Automotive

Astra is the largest independent automotive group in Southeast Asia. Its automotive business comprises the production, distribution, retail and after-sales service of motor vehicles and motorcycles. It holds 52% of the country's motor vehicle market through partnerships with Toyota, Daihatsu, Isuzu, Peugeot, Nissan Diesel and BMW, and 46% of the motorcycle market through Honda. Astra also manufactures and distributes automotive components.

Financial Services

Astra's financial services cover a wide spectrum, from consumer financing to banking and general insurance. Its automotive division finances more than 100,000 new motor vehicles and over 900,000 Honda motorcycles in Indonesia, while its heavy equipment division supports the mining, construction, forestry and agricultural sectors.

Agribusiness

Astra's agribusiness includes the cultivation, harvesting and processing of palm oil. It is one of the largest producers of crude palm oil, with plantations covering approximately 250,000 hectares across Indonesia.

Heavy Equipment and Mining

Astra provides construction machinery and mining contracting through a supply of construction and mining equipment, heavy-duty trucks, vibratory rollers, cranes, forklifts, forestry equipment and after-sales service. It is the sole distributor of Komatsu machinery and equipment. It is also the largest mining services contractor in Indonesia.

IT and Infrastructure

Astra has other business interests in information technology and infrastructure. It provides document and IT solutions and is the sole distributor for Fuji Xerox in Indonesia. Astra's infrastructure activities comprise toll roads and water utility services.

MOTOR

Singapore

Cycle & Carriage (100%) is one of the premier automotive groups in Singapore. It is engaged in the retail, distribution and provision of after-sales service for Mercedes-Benz, Mitsubishi, Kia and Citroën.

Malaysia

Cycle & Carriage Bintang (59.1%) is listed on Bursa Malaysia and is the largest dealer of Mercedes-Benz vehicles in Malaysia. It is principally involved in the retail and after-sales service of Mercedes-Benz motor vehicles.

Indonesia

Tunas Ridean (38.3%) is listed on the Indonesia Stock Exchange and is one of the largest motor vehicle dealers in Indonesia, representing Toyota, Daihatsu, BMW and Peugeot motor vehicles and Honda motorcycles. It is also a major provider of vehicle financing and rental and fleet management services across Indonesia.

Vietnam

Truong Hai Auto Corporation (20.5%) is one of the largest automotive companies in Vietnam. Its activities include manufacture, assembly, distribution, retail, repair and maintenance of commercial and passenger vehicles with brands such as Kia, Foton, King Long and Hyundai.
